Surrey United Soccer Club

Surrey United Soccer Club is pleased to announce and thank our new BC Soccer Premier League sponsor: **PhysioStation Sports & Injury Clinic**.

**PhysioStation** has a unique connection to Surrey United through their owner Mylee Ross, who was part of the club for 14 years. During her time with the club she played for the Adult Premier Women's team as a key member of their unprecedented eleven-year consecutive Provincial Cup winning streak. During this time, she helped the team to win the National Championship Jubilee Trophy twice, with four runner-up medals, and five bronzes. Mylee also coached the team during the 2014 season during which they won the BC Provincial Cup and came runners-up at the National Championships. It's obvious to see Mylee's long-time dedication to the club -- she brings that same commitment and passion to her work. Although she may not be playing at the club any longer Mylee continues to give back.

As part of our Surrey United Sports Medicine team, we hope that if you or your child have any ailments that require expert attention and care you will reach out to Mylee and her team at **PhysioStation Sports & Injury Clinic**.
